RESEARCH PROJECTS

National Economics University - ICFAA 2026 Conference — Hanoi City, Vietnam
Co-author — Oct 2026
Research title: The Impact of Green Credit Policy and Artificial Intelligence Transformation on the Operations of Vietnamese Commercial Banks
- Collected panel data on 19 Vietnamese commercial banks (2015–2024), conducted panel regression analysis, and authored the empirical results section

Research Lab - Foreign Trade University — Hanoi City, Vietnam
Research Assistant, Co-author — Jul 2026 - Present
Principal Investigator: Dr. Dinh Van Hoang, Head of the Research Division, Research Lab FTU, Foreign Trade University
- Contributed to a behavioral research project on how corporate practices in digital environments shape consumer responses, designing a 2×2 between-subjects experiment with two manipulated factors to test main and interaction effects
- Collected and cleaned 600 Gen Z and Gen X responses to support reliable cross-generational analysis, and applied PROCESS Models 4 and 8 and two-way ANOVA to examine mediation and cohort–treatment interactions

Foreign Trade University — Hanoi City, Vietnam
Co-author — Sep 2024 - Dec 2025
Principal Investigator: Dr. Dinh Van Hoang, Head of the Research Division, Research Lab FTU, Foreign Trade University
Research title: Brand transparency and sustainable product purchasing intention: perspective from green extrinsic motivation and emotional value
- Awarded Second Prize at the Ministerial-Level from the Ho Chi Minh Communist Youth Union Central Committee, the highest level of student research classification in Vietnam
- Examined impact of perceived brand transparency on sustainable product purchasing intention, employing a multi-method SEM analysis, ANN, PROCESS Macro, and fsQCA on the dataset across three regions in Vietnam's emerging market

ACADEMIC ACTIVITIES

Impact for Southeast Asia (i-SEA) – Nanyang Technological University — Upcoming Nov 2026 - Dec 2026
